INSANITY DIVORCE LAW

State Senate Does Its Share Toward
Repealing the Measure That Dis-
graced the State Before the World

Tallahassee, April 19.—So far as the
Senate is concerned the Flagler di-
vorce bill is a thing of the past. Sen-
ator Scott's bill, repealing the law,
was passed yesterday morning by a
vote of twenty-three to eight. In the
course of debate Bailey referred to the
divorce bill as the crowning outrage of
the age.

No Stopping the Jug Trade

The Carter bill prohibiting the ship-
ment of liquors into dry counties was
lost by a vote of twenty-six to four.

Taliaferro's Unanimous Re-Election

At noon the president announced that
the time had arrived to ballot for United
States Senator. Senator Adams
nominated Senator James P. Taliaferro
in an eloquent address, referring to
former bitter senatorial contests, which
were now determined by the vote of
the people. There were thirty-one
votes cast for Taliaferro, Blount being
absent.

In the House Taliaferro was nomi-
nated by Buchanan and was seconded
by Wells, Dorman, Persons and Bryan.
Both houses will meet in joint as-
sembly today noon when the election
of Taliaferro will be confirmed.

To Chamberlain's Colic, Cholera and
Diarrhoea Remedy

"We have used Chamberlain's Colic,
Cholera and Diarrhoea Remedy in our
family for years," says Mrs. J. B.
Cooke of Netherlands, Texas. "We have
given it to all of our children. We
have used other medicines for the
same purpose, but have never found
anything to equal Chamberlain's. If
you will use it as directed it will al-
ways cure." For sale by the Postoffi-

AN IMPORTANT MEETING

Eighteenth Annual Convention of the
Florida Horticultural Society

The eighteenth annual meeting of
the Florida Horticultural Society will
be held in Jacksonville, commencing
the evening of the 9th of May and
continuing the 10th, 11th and 12th;
and it is earnestly hoped that this
meeting will be the largest in the his-
tory of the society.

The Jacksonville board of trade has
extended to the society the use of their
magnificent auditorium in which to
hold their meetings, and are making
preparations to entertain the members
in their usual liberal and hospitable
manner.

The transportation companies have
made a rate of one fare, plus 25 cents,
for the round trip, but members must
have a certificate of membership which
is furnished by the society, to surren-
der to the ticket agent before the tick-
ets will be issued at the reduced rate.
So it behooves members to write early
for their certificates, which can be had
by sending \$1 to the secretary, Mr. E.
O. Painter, Jacksonville, Fla.

The annual reports of this society
are alone worth more than the \$1
charged for membership fees, as they
contain the experience of some of the
best horticulturists and agriculturists
in the state, including valuable papers
from some of our scientific men.

The society is doing a good work and
needs the support of every one inter-
ested in the development of our state.
Instead of 400 members, it should have
4000. You can help it by sending \$1
to E. O. Painter, secretary, Jackson-
ville, Fla.

A THOUSAND DOLLARS'

WORTH OF GOOD

"I have been afflicted with kidney
and bladder trouble for years, passing
gravel or stones with excruciating
pain," says A. H. Thurnes, a well
known coal operator of Buffalo, O. "I
got no relief from medicine until I be-
gan taking Foley's Kidney Cure, then
the result was surprising. A few doses
started the brick-dust-like substance,
and now I have no pain across my kid-
neys and I feel like a new man. It has
done me \$1000 worth of good." Foley's
Kidney Cure will cure every form of
kidney or bladder disease. Sold by the
Postoffice Drugstore.

GOT THEM GUESSING

The Sun's Readers Can't Help But
Wonder Who This Crossie
Man Is

Fined \$100 in the mayor's court of
Brunswick for alleged insult to a promi-
nent woman of that city was the re-
cent experience of an individual desig-
nated by the Brunswick News as a
"well known Florida crossie man."

It seems that the Florida visitor was
attracted by the young married wo-
man and probably mistaking her for
someone of his acquaintance, addressed
her in a most familiar fashion, as she
was leaving a certain Newcastle street
business house. The lady, of course,
did not respond, and the crossie man
then said to her: "If you call this gone,
why, I shall follow you."
He kept his word, and did the Sher-
lock Holmes act until a certain dry
goods store was reached on Newcastle
street, and here the lady sought refuge
and asked the proprietor for protection.
This was done in the nature of a call
to the police barracks, and in a few
moments Officer Wilcher arrived on
the scene and arrested the Florida man.
He made a statement to Wilcher,
and upon the request of others he was
released. In the meantime, however,
Mayor Hopkins learned of the affair
and he had the man rearrested and ar-
ranged a special trial in his private of-
fice on Newcastle street.

The young lady was summoned, and
gave her statement, which, in effect,
is about as given above. The crossie
man, when called upon for a statement,
only said that if he had insulted the
young lady he was ignorant of the fact.
The mayor, after carefully considering
the case, imposed a fine of \$100, which
was promptly paid.

The Florida man has visited Brun-
swick on several occasions, and has a
number of friends here who are sur-
prised at his actions. He is well con-
nected in his home, and has a wife and
five children.—Jacksonville Sun.

TOGO HAS SET A TRAP

And It Looks Like Rojostvensky Has
Run Into It—But Maybe the Latter
Knows What He is Doing

New York, April 19.—Dispatches
from Hong Kong indicate very clearly
that Admiral Togo of the Japanese
fleet has Admiral Rojostvensky's fleet
in a serious trap.

With the path northward plentifully
sown with mines the Russians' course
through the Formosa Straits and the
channels to the northwest is practi-
cally barred and the Russian fleet is
cut off from Vladivostok as a base of
supply.

Admiral Togo's fleet is within easy
touch of the Russian through means
of the scout ships, and these scout
ships are raiding the Russian colliers,
depriving the Russian fleet of the ne-
cessary coal for carrying on the cam-
paign and preventing Admiral Rojost-
vensky from sailing for the Pacific
without a battle.

The Russian fleet is divided, accord-
ing to the latest information received
here. One division is located in Turon
Bay and the other now being off Hong
Kong.

Admiral Togo's fleet is concentrated
and he is now in a position to attack
either division of the Russians with a
superior force.

The battle may be on now at any
moment and the odds are now consid-
erably in favor of the Japanese.

BEST COUGH MEDICINE FOR CHILDREN

When you buy a cough medicine for
small children you want one in which
you can place implicit confidence. You
want one that not only relieves but
cures. You want one that is unques-
tionably harmless. You want one that
is pleasant to take. Chamberlain's
Cough Remedy meets all of these con-
ditions. There is nothing so good for
the coughs and colds incident to child-
hood. For sale by the Postoffice Drug-
store, Ocala, Florida.

RIOT IN PORTO RICO

A Gang of Greasers Trample on the
American Flag—Labor Agitators
Probably Responsible for the Trouble

San Juan, April 19.—Six meetings of
strikers were held yesterday simul-
taneously in Ponce district. At one
meeting an American flag was torn and
trampled upon. The police attempted
to make arrests and a riot followed.
Clubs and revolvers were used and
numbers were wounded, including three
policemen. The lieutenant of police re-
ceived a scalp wound from a machete
and after a number of arrests were
made peace was restored. Four thou-
sand strikers attempted another meet-
ing on the Plaza at Ponce. Orators of
the American Federation of Labor spoke.
A disturbance ensued and the police
used their clubs, which was followed by
revolver shots from the crowd.

The situation became alarming, but
the firing brought reinforcement of
police and order was partly restored.
An attempt to rescue the arrested
strikers was made on the way to the
jail by the mob. This provoked an-
other disturbance, during which a
number of persons were injured.

FULL OF TRAGIC MEANING

Are these lines from J. H. Simmons,
of Casey, Ia. Think what might have
resulted from his terrible cough if he
had not taken the medicine about
which he writes: "I had a fearful
cough, that disturbed my night's rest.
I tried everything, but nothing would
relieve it, until I took Dr. King's New
Discovery for Consumption, Coughs
and Colds, which completely cured me."
Instantly relieves and permanently
cures all throat and lung diseases;
prevents grip and pneumonia. At the
Anti-Monopoly Drugstore; guaranteed;
50c. and \$1. Trial bottle free.

MONEY IN TOMATOES

Two Thousand Dollars Paid for a Sin-
gle Carload From Fort Lauderdale

It will be of interest to the growers
of the state to know that tomatoes are
bringing a good price in the Northern
and Western markets.

Twelve cars shipped West by one
Jacksonville firm last week netted the
growers \$219 to \$225 per chest, and
\$3 straight for fancy stock. Several of
these cars went to California, and one
especially picked and packed made the
long journey across the continent to
Seattle, Wash.

While the crop on the West Coast is
considerably larger than last year, the
East Coast will produce only about 35
per cent. of the full crop.

Sligh & Co. report one car from L.
W. Marshall at Fort Lauderdale sold
last week for over \$2000.—Jacksonville
Sun.
